

MUSIC MANUFACTURING FOR INDEPENDENT MUSICIANS

- When designing, avoid placing text too close to the edge and spine of the sleeve. This is to prevent such details from being cropped when the sleeves are guillotined
- Artwork must 'bleed' beyond the edges of your design to help facilitate the guillotining process
  - Artwork should be supplied in the PSD, PDF, EPS or JPEG formats at a minimum of 300dpi
  - Any fonts used should be provided along with the artwork. Alternatively, type can be converted to outlines prior to the document being supplied
  - This template overlay must be deleted or hidden when the artwork is supplied
